#### HOW TO PREVENT CROUP.

We have two children who are subject to attacks of croup. Whenever an attack is coming on my wife gives them Chamberlain's Cough Remedy and it always prevents the attack. It is a household necessity in this county and no matter what else we run out of, it would not do to be without Chamberlain's Cough Remedy. More of it is sold here than of all other cough medicines combined.—J. M. Nickle, of Nickle Bros., merchants, Nickleville, Pa. For sale by Near & Wells.

## The White House Cook Book

THE BEST COOK BOOK PRINTED

It more fully represents the progress and perfection of the culinary art than any previous work.

THE "WHITE HOUSE" was compiled by Hugo Ziemann, steward of the White House under President Harrison, and Mrs. F. L. Gillette. It contains over 1,600 Cooking Recipes, besides recipes for toilet and household. Special articles on buying provisions, dinner giving, table etiquette, carving and care of sick.

A novel and most important department consists of carefully prepared Menus for Breakfast, Luncheon and Dinner, complete for one week in every month of the year.

In point of authorship, it stands pre-eminent. Hugo Ziemann was at one time caterer for that Prince Napoleon who was killed while fighting the Zulus in Africa. He was afterward steward of the famous Hotel Splendide in Paris. Later he conducted the celebrated Brunswick Cafe in New York, and still later he gave to the Hotel Richelieu, in Chicago, a cuisine which won the applause of even the gourmets of foreign lands.

The subject of carving has been given a prominent place, not only because of its special importance in a work of this kind, but particularly because it contains entirely new and original designs, and is so far a departure from the usual mode of treating the subject.

Interesting information is given concerning the White House; how its hospitality is conducted, the menus served on special occasions, views of the interior.

The binding being of enameled cloth it can at any time be readily cleaned and made to look bright and fresh by simply rubbing it off with a damp cloth or sponge.
